Customer Reviews

The extremely buff and handsome author Markus A. Kassel earned degrees in Psychology and in Communications and a black belt in Karate, and is a ring-tested kick boxer. This combination of educational and physical training has allowed him to accumulate a vast wealth of knowledge, not only on the quickest means to attain one's physical peak but also on what it takes to toughen up mentally and develop a sharp, indestructible mind. In his initial REAL LIFE SUPERMAN books his emphasis was on training and muscle and strength building, becoming tougher and deadlier "how to prepare to defend your self fighting! And that is precisely why he subtitled his edition "Volume

3: How Overcome Your Limitations, Build Self-Confidence and Grow and Invincible Mind. Now he dares us to go for adventure and action to make us truly well rounded ready for anything Supermen. Now he expands his arena of knowledge and coaching in this excellent SUPERHERO SIX PACK â “ and if there is any doubt as to his exercise in this field, the photograph of the sculpted hunk on the cover is Markus himself! From Markusâ™ previous books we have learned he is a pragmatist â “ get right down to the problem, teach the way out of the present state and move into the new enhanced you! In his Introduction he shows his character and humor â “ a great combination: â “ Itâ™s kind of funny when you think about it. Abs represent such a small part of our bodyâ | Yet, entire careers have been built around them. Iâ™m not saying itâ™s the most solid foundation to base your future on, but where would Mark Wahlberg (aka Marky Mark) be today if his midsection had looked like he was going to hibernate for the next six months rather than the shredded six-pack that landed him his Calvin Klein stunt?
