## Customer Reviews

I have had very mixed luck purchasing teacher resource books. Often times I find I would actually use very little of it which really turns out to be a waste of money and shelf space. This book is so well designed, so grade level appropriate and so FULL of completely fun and engaging activities! I am so excited to add this to my curricula! I can already envision the fun my students will have doing these activities! This book also got my creative juices flowing on how to extend many activities even further!! If you teach Grades 1-3 I highly recommend adding this to your arsenal I know you'll be glad you have it!

This book had great activities for the election. It was child-friendly and easy to use in the classroom. My class got a lot of use out of this product.

Great ideas to use for school!
