Customer Reviews

This book was sent promptly by the seller and it arrived in great condition. The text was as advertised and found it was a good companion book with "Forensic Anthropology: Contemporary Theory and Practice" by Komar.

Very good book! Excellent for the class I took. Would have given five stars but my copy was bound badly and the first third of the book came loose.

Excellent book. As a graduate student in forensic science I refer to this book time and time again.

Great book. Had the pleasure of meeting two of the authors. Amazing people
