Customer Reviews

Ordered these after having a mild stroke. Finding out Dr.'s have nothing good to say about it, except it is voodoo and does not work. My girlfriend has read it and thoroughly enjoyed it. AND is looking at the possibility of trying it to get her thyroid back in whack. I have made it to page 42. Still trying.

I, also, purchased this book for my friend, but I'm told he really liked it.

Very GoodThanksTG
