Customer Reviews

I highly suggest this book for anyone going into co-teaching. It gave my colleague and I some great ideas to help us get started.

As an experienced educator, I found this to be a great resource for myself and my co-workers. It is a user friendly guide.

The book is everything that the ad said it was. The book arrived in a timely fashion, great condition and was delivered before the promised date. I will do business with this seller again.

Co-teaching is a real challenge at my school. Finding time to meet to coordinate and plan activities is extremely difficult. This book offered some strategies that I can employ with the regular education teachers that has led to some firm co-teaching commitments.
