Synopsis

Five classic Yaoi tropes (from nerdy scientist to naughty doctor) written in Amelita Rae's unique style and bundled together for a savings of over 30% off the cost of buying each short individually! Handsome: an unexpected transformation brings two idiots-in-love together. Bait: a beautiful car thief steals the wrong billionaire's car. Renegade: a clever young man turns the tables on his would-be kidnapper. Elevator Music: two strangers find love in an elevator. The Good Doctor: a perverted doctor meets a far-too-trusting patient. All combined for over 56,000 words of smutty goodness!

Customer Reviews

Now I can have all the short stories in the same book! All in the awesome!Amelita style. Kindle formatting works perfect on this package as well. Even though the style is the same, these all have pretty unique plots. So there's no chance of getting bored. I love all the seme's from the nerdy to the criminal master mind'. What they have the same, is what I love most. Some drop of humour and delicious little uke meant just for them!

This is an incredible box set with 5 very different stories and themes. Each one is uniquely sexy in

its own way. So many writers tend to do cookie cutter stories that all seem similar, but not this Author. She truly puts a lot of research and thought into each of her stories making them each very different from the last.

This book should come with a warning not to read while in public unless you want to be left feeling frustrated! Haha It was a fantastic read with some spicy situations that are guaranteed to turn you on... even though you might not have quite known said situations would push your buttons in such a good way!
