The PEERS Curriculum For School-Based Professionals: Social Skills Training For Adolescents With Autism Spectrum Disorder

Synopsis

The PEERS® Curriculum for School-Based Professionals brings UCLA's highly acclaimed and widely popular PEERS program into the school setting. This sixteen-week program, clinically proven to significantly improve social skills and social interactions among teens with autism spectrum disorder, is now customized for the needs of psychologists, counselors, speech pathologists, administrators, and teachers. The manual is broken down into clearly divided lesson plans, each of which have concrete rules and steps, corresponding homework assignments, plans for review, and unique, fun activities to ensure that teens are comfortable incorporating what they've learned. The curriculum also includes parent handouts, tips for preparing for each lesson, strategies for overcoming potential pitfalls, and the research underlying this transformative program.

Book Information

Paperback: 480 pages

Publisher: Routledge; 1 edition (October 19, 2013)

Customer Reviews

Easy setup for classroom use! The book outlines lesson plans and generalization of social skills. I use this in a special education classroom.

Love the scope and sequence! Many key components that are necessary for a solid social skills program

great guide to anyone in education that wants or needs to implement or aid in a social skills class

Excellent
