Airline Transport Pilot Test Prep 2013: Study & Prepare For The Aircraft Dispatcher And ATP Part 121, 135, Airplane And Helicopter FAA Knowledge Exams (Test Prep Series)

Synopsis

Applicants studying for the Airline Transport Pilot and Aircraft Dispatcher Knowledge Exams will find sample questions for every question in the Federal Aviation Administration (FAA) exam database along with their answers and explanations, in this guide. All of the more than 900 questions from the exam are arranged by subject category and are accompanied by specific study material. Updates are provided to account for FAA test-question changes throughout the publication year via the ASA website or e-mail. Each question is followed by the answer, an explanation of the answer, and a reference and subject code for further study in FAA materials. Regulations, weather and weather services, flight physiology, and aircraft performance are among the subjects covered.

Book Information

Series: Test Prep series

Customer Reviews

This test prep book is time consuming and the layout is confusing. There are many software applications out there that will guarantee you a much better score for a price similar to what was paid for this book. In the end, I did not use it after trying for a month to muck through the problems. They give you answers, but not solutions and practical applications.

I found it fundamental to prepare for the airline transport pilot test. Thoroughful and well explained information about each topic.I highly reccomend it.

It is a very usefull manual. It have a lot of information about rules in aviation and a lot of aeronauticals exersises to make our skills better.

I needed to study on my license.I am not a IT guy and needed paper for my study.Just good enough for my study.I get used Glaim and little differ form that to use

I got 94 for 3 weeks of studying.Faa is keep changing the questions and out of 80questions i got abt 10 new questionsNot bad for a book

Excellent, good service and actually one day earlier than the expected. Really recommend the service. It was my first and for sure not the last
